## Principal's Report

### Student/Parent/Teacher interviews

The end of term interviews will be hosted next Tuesday on the 1<sup>st</sup> of July starting at 2:30pm and concluding at 6:30. Please jump onto Xuno to select your interview time. During the interview students will share their learning portfolio with you which will include a discussion around their literacy and numeracy goals for the 1<sup>st</sup> Semester. Teachers will also hand out your child's mid year report and celebrate with you their achievements and areas for growth in the 2<sup>nd</sup> Semester. If you are experiencing any issues with making a booking please touch base with your child's teacher or the office and we will help you make a one.

### End of Term Pyjama Day

On the last day of Term we are hosting a Pyjama Day as part of a fundraising event to support the Bairnsdale Neighbourhood House's efforts to support people who need a warm meal

during the winter months. Students are encouraged to wear their pyjamas and make a gold coin donation on the day.

### A Change to your child's Maths Report

With the Department of Education releasing a new Maths curriculum your child's report for maths will look different this time around. Your child will receive an overall maths mark, it won't be broken down into the different strands e.g Number, Measurement, Space etc. Your child's grading will be a combination of their learning in each of the different areas in maths. The mark they receive won't show learning growth as it normally has and continues to do for other subject areas as this is the first time it has been used. A more detailed description about the change will be detailed in a letter attached to your child's report.

### End of Term

Students have done an amazing effort with their learning this term and as you will read in their reports they have made impressive growth, and at the end of the 1<sup>st</sup> Semester it is a great opportunity to celebrate all that they have achieved. A big shout out to the teachers who have balanced a busy time of the year with writing very detailed reports whilst continuing to prepare engaging learning experiences. A big thanks also to our wonderful support staff who do an awesome job keeping the students focused and encouraged to achieve their best. Take care and have a safe break.

Mark Chandler,  
Principal.
